EVANGELIST ASSERTS FULL REPENTANCE IS NECESSARY

REV. JOHN BROWN, IN SUNDAY NIGHT SERMON, TELLS OF TESTS OF LOYALTY

Tuesday, 7:30 o'clock. Subject, "The Tragedy of Neglect." Wednesday, 10 o'clock a. m. Subject, "The Spirit-Filled Life."

The Sunday night service conducted by Evangelist John E. Brown at the tabernacle was the largest attendance of any so far. All the seats, including the extra ones, were filled, the steps to the choir loft and many standing.

Following a spirited song service and a solo by Choir Leader Ironmonger, the evangelist announced as his text, Matthew, chapter 3, parts of verses 2 and 3. "Repent ye, for the Kingdom of Heaven is at hand; prepare ye the way of the Lord; make his paths straight."

"These ringing words," said the evangelist, "came from the lips of John the Baptist, the great apostle of repentance. Christ followed right along with the same message, 'Repent ye,' throughout his ministry. Peter at the day of Pentecost concluded that wonderful sermon at which 3000 were converted with a call to repentance. 'Repent ye and be baptised.' Paul, the great apostle, to the Gentiles, in that memorable address at Mars Hill brings the same message. 'But now God commandeth all men everywhere to repent.'

Repentance Is Necessary

"To enter the Kingdom of Heaven men must pass through the gate of repentance. It is an unpopular doctrine—the doctrine of repentance. Men resent the thought that they are sinners; that they need repentance and a savior. What we need today is another John the Baptist and St. Paul to go through our cities crying, 'Repent, repent, repent,' until our nation goes down on its knees. We need the old-fashioned doctrine of repentance.

"The ancients wished the prophets to prophesy smooth things. There is a natural tendency in nature at all

Invites Girls Of City To Church Tea Tonight

Mrs. Frances L. Neth, member of the John Brown evangelistic party, is extending invitations to the girls of Glendale—business girls, high school girls and just girls—to attend a tea to be given at the Central Christian church, Louise and Colorado street, tonight at 6:15 o'clock.

Taking as her watchword the "other girls," Mrs. Neth has conducted campaigns all over the United States and Canada.

"While my business is primarily religious and while I am always working to get girls to take the right step when they are confronted with problems, we do have jolly good times at our meetings. We always get along well together," she said.

Being in charge of the girls' work in connection with the evangelistic campaign, Mrs. Neth plans to hold a number of teas and meetings for girls and will have announcements to make from time to time regarding them..

Mrs. Catherine Price Leaves For Omaha

Mrs. Catherine Price, who was the guest of her mother, Mrs. Albert C. She is a sister of Oren C. Padel, well-known in local musical circles. On Tuesday prior to her departure a farewell musicale was given in her honor at the Hunter home.

Fifteen Eggs Hatch Out Of Fifteen And All Of Chicks Live

Here's a record for you, amateur poultrymen!

R. C. Hollins of 1026 San Rafael set a Rhode Island Red hen on fifteen eggs this spring and everyone hatched! And all of the chicks are alive!

"It's the first time in my experience that a hen has had such luck," he told a representative of The Glendale Evening News. "But you never can tell what will happen in California. A whole lot different than in my old home in Kentucky and Tennessee. Out here I have had three different hens commence laying while hovering broods."

Mr. Hollins has named his little plot in Casa Verdugo "Mucha Cosas," which means "many things" in Spanish. Besides the chickens he has any number of rabbits and a garden.

Not alone fruits and vegetables and berries, but there are any number of varieties of flowers. Already he has sold 40 dozen of pansies to neighbors and Watsonias, sweet peas, lilies, roses n'everything are now in bloom. It is, indeed, an interesting place to visit."

Stork Leaves Quadruple

The stork paid a visit to 316 West Vine street yesterday.

It was generous enough to leave a quadruple, the first in Glendale for a long, long time.

The father, was he pleased?

Well, the babies of Mickey, the cat, are doing nicely, Woodrowffe Paull reports.

Miss Sue Crump Is Hostess To Mrs. Blong

Miss Sue Crump of 341 Hawthorne street entertained at her home Friday night of last week in honor of Mrs. P. H. Blong, whose marriage occurred recently. Progressive five hundred was played until a bulky package arrived for Mrs. Blong. Upon opening it, Mrs. Blong found many useful kitchen utensils.

Delicious refreshments were served at a late hour. Prizes were awarded, the first being won by the honor guest and consolation prize going to Miss Isaac.

The guests included Miss Dorothy Hunt, Miss Holliway, Miss Sparks, Miss Krebiehl, Miss Isaac, Miss Helen Snyder, Miss Doris Crump, Miss Harriet Coey and Mrs. Blong.

The Lydia class of the First Presbyterian church, which is composed of about sixty of the young ladies of that church, met yesterday afternoon at the home of Mrs. J. Rhea Baker, 331 North Maryland avenue, for a business meeting, which was called to order by the president, Mrs. F. G. Taylor. Reports of committees were heard and plans for the future work of the class were made. At the next meeting, which will be held the last Monday in May, the election of officers will take place.

Roy B. Wilson, a furniture man residing at 719 East Wilson avenue, was married Saturday night to Nettie C. Turner at the home of the bride's mother, Mrs. G. W. Watson, 126 North Cedar street, on Saturday night. The Rev. C. R. Norton officiated. Only the immediate relatives were present at the quiet home ceremony.

GARDEN PARTY DATE FOR MONTE VISTA LODGE MAY 14

CHANGE IN TIME IS MADE AT MEETING HELD LAST NIGHT WITH MRS. RICHARDSON

A meeting of the various committees which had been appointed in connection with the May festival to be given for the purpose of raising money for finishing and furnishing the kitchen at Monte Vista lodge, which is to be a vacation home for undernourished children, met last night at the home of Mrs. Ella W. Richardson, 317 North Brand boulevard.

The meeting was called to order by the chairman, Mrs. Meeker. Those present included Mrs. Meeker, Mrs. Richardson, Mrs. R. E. Chase, Mrs. J. G. Huntley, Mrs. L. W. Sinclair, Mrs. C. F. Parker, Mrs. Harry Greenwalt, Mrs. O. H. Belew, Mrs. Mabel Franklin Ocker, Mrs. Colin Cable and Miss Corinne Orff.

Mrs. Meeker told of the work which has been done on the kitchen and spoke highly of the workmen of Glendale who had so generously donated of their time on Sundays and also of the merchants, many of whom have either donated material or sold same at cost.

Date Is Changed to May 14

At this time it was decided that owing to the fact that the Catholic church is to hold a bazaar May 7, the date formerly chosen as the time for the Garden party, and as the ladies wish this party to be for all the people of Glendale, that the date for the garden party be changed to May 14. Plans for the program, which is to include fancy dancing, music and other attractions, were discussed.

Next Sunday another group of carpenters are going to Monte Vista lodge from Glendale. Last Sunday many of the Glendale ladies contributed lunch for the workmen, and those wishing to do this for next Sunday should communicate with Mrs. Meeker.

When completed Monte Vista home will afford accommodation for 200 poor and undernourished children who perhaps otherwise would never have the opportunity of going to the mountains and enjoying a vacation away from the cities. There are something like forty rooms in the home and various organizations and cities have taken over certain rooms as their part in this worthy cause. The ladies of Glendale are looking after the remodeling and furnishing of the large kitchen.

Howard; Finance, Rev. C. A. Cole, J. Camphouse and Mrs. R. S. Townsend; Publicity, H. E. Fry, W. F. Learned and Rev. Ford.

Carl C. Seiter was elected superintendent of the bible school, his title to be Superintendent of Religious Education. He will also be an exofficio member of all the committees.

The bible school will begin July 5 and continue until July 29. Classes will be held in the four centers which include the following churches: (1.) The First Presbyterian church; (2.) PRE-REGISTRATION CONTEST FOR C. E. CAUSES RIVALRY

GLENDALE SOCIETY OF WHICH E. ANDERSON IS LEADER TAKES FIRST PRIZE

By GLEN and DALE

Two weeks ago Sunday the Glendale District Christian Endeavor Union started a race among the young peoples' societies of the district to see which one would get the most pre-registrations for the state convention before 6 o'clock Monday, April 18. Each $1 registration means a badge and program for the five days of the convention, June 25 to 29, and provides a surplus to finance the convention.

All honor is due the winners and several other societies for their systematic work. Just 220 registrations were turned in during the week, making Glendale's total about 275. The Glendale Presbyterian Society, Sr. B, with Everett Anderson as president, turned in 377 per cent of their membership and the Intermediates of the same church, with George Stanley as president, had 188 per cent. Other societies ranked high with 150 per cent and 90 per cent. The first prize was $10 and the second $5 to be used as society wishes.

Two States in Friendly Race

California and Ohio are having a friendly little race as to which registers the largest state convention in June. In 1919, when the California convention met at Long Beach and the Ohio one at Cleveland, Ohio thought she was ahead, but found a record of over 5000 against her. This year she has registered 112 and California 700.

Six counties in the north have registered their quotas for this convention and all are anxiously awaiting the date, June 25-29, when they shall see the results.

Caroline Jennings Is Honored At Luncheon

One of the prettiest pre-nuptial affairs ever afforded a bride-to-be in the Casa Verdugo section of this community was the luncheon for Miss Caroline Jennings given at the home of her sister, Mrs. J. H. Burris, 1203 North Central avenue, Saturday.

Miss Jennings, who is a resident of Los Angeles, announced her engagement to Roger Smith of Whittier, the marriage to take place this coming Friday at the Little Church of the Angels in Los Angeles. The thirty guests who were present learned of the betrothal from the little gilded nutshells which were tied with pink ribbon.

Thirty-five vases of red roses decorated the living rooms of the Burris' home which was formerly the Old Pepper Tree Inn, and the pink and white ribbons on the chandeliers suspended sprigs of mistletoe which was brought from Paradise Valley, 105 miles from here, for the occasion.

A six-course luncheon was served by a Los Angeles caterer for Mrs. Burris, who was highly complimented by the guests, practically all from outside of Glendale, for the delightful arrangements.

C. of C. Directors Dine And Discuss P. E. Offer

Luncheon was served this noon to the Chamber of Commerce board of directors at the model bungalow of the Glendale Union High School Domestic Arts department, the cooking classes, under the direction of Miss Ellen J. Hanson, serving the meal. Jesse Smith presided in absence of C. C. Cooper, president, who is in Nebraska on a business visit.

Among the matters considered was the offer of the Pacific Electric to establish a waiting station at Pacific avenue on the Burbank line provided one-half of the expense, which will be $200, is provided by those interested in the improvement.

Appointment of another chairman of the entertainment committee for the Christian Endeavor and Elks throngs was necessitated by the resignation of Rev. W. E. Edmonds. The Rommel Construction company and E. B. Sutton of the Glendale Nash Sales were accepted as new members.

TO ENTERTAIN OFFICERS

Members of the G. A. R. and Woman's Relief corps are planning to go to Pasadena tomorrow, when the chapters of that city will entertain the department officers, one of whom is Mrs. S. Houdyshel, chaplain, a member of the Glendale corps.

Today's World News In Brief

(By United Press to Glendale Evening News)

GASOLINE IN MIDDLE WEST STATES DROPS TO 22 CENTS

CHICAGO, April 26.—Filling station gasoline in the middle west today dropped from 25 cents to 22 cents a gallon, it was announced by the Standard Oil Company of Indiana. Gasoline at tank wagons is now 20 cents instead of 23 cents.

GERMANY'S LATEST OFFER EQUAL TO ABOUT $47,500,000,000

BERLIN, April 26.—Germany's newest offer of reparations to the allies is 200,000,000,000 gold marks in annuities, it was stated officially today. The sum is equal to about $47,500,000,000. The offer was regarded as the equal amount of 50,000,000,000 marks with interest over the long period of payments.

YOUTH DEFEATS CHAMPION FOR WORLD CHESS TITLE

HAVANA, April 26.—Jose Capablanca today is chess champion of the world. The youthful Cuban was given the title when Emanuel Lasker, aged champion, resigned the fifteenth game of their series here and declared his opponent champion. Capablanca won five of fifteen games, drawing the other ten.

ODD FELLOWS AND REBEKAHS HOLD BIG CELEBRATION

RIVERSIDE, April 26.—Odd Fellows and Rebekahs from every city and town in the fifty-first southern California district are celebrating here today the 102nd anniversary of Odd Fellowship in America and the forty-second anniversary of the institution of Riverside lodge. There are nearly 5000 here.

DEPUTIES REAFFIRM CONFIDENCE IN PREMIER BRIAND

PARIS, April 26.—By a vote of 429 to 29 (unofficial figures) the chamber of deputies today reaffirmed its confidence in Premier Briand. The attack on Briand was made by Clemenceau supporters. It was led by Andre Tardieu. Briand himself made a short speech in defense of his policies, just before the vote was taken. The overwhelming character of the premier's victory was considered especially significant just at this time when Briand is preparing to order a further advance of French troops into German territory.

WORLD IS NOW NEARER DISARMAMENT CONFERENCES

WASHINGTON, April 26.—The world now is nearer disarmament negotiations than it has ever been, it was believed here today in circles close to the president. This was based upon information of administration leaders that President Harding plans to propose an international disarmament conference within a few months. Their opinion was that the president's proposal will be eagerly accepted by the other great powers and that a cessation of competitive naval construction between Great Britain, Japan and the United States will follow.

FRANCE IS INSISTING UPON OCCUPANT OF RUHR VALLEY

PARIS, April 26.—Regardless of the outcome of Germany's new reparations proposals, France will demand immediate occupation of the Ruhr valley if the reparations commission's demand for surrender of the reichsbank's metal reserve is not met by Friday, it was officially stated today. The reparations commission first asked Germany to place her entire metal reserve in the reichsbank branches at Coblenz and Cologne. This was refused and the commission now wants complete surrender of 1,000,000,000 gold marks by Friday. The commission and the French government regard the ultimatum as outside the general question of reparations.

NEW YORK STOCK MARKET IS REACTIONARY AT OPENING

NEW YORK, April 26.—The stock market here was reactionary at the opening today. Traders appeared nervous over the advances registered in the last two days and selling developed all through the list. United States Steel was an exception, opening ¾ up at 84¼. Other steels were firm. Mexican Petroleum was a full point down at 153½; Studebaker, which has advanced steadily in recent trading, opened up ½ at 87½, but quickly lost the gain and a little more. General Asphalt was nearly three points below the high of Monday when it sold at 67½. Atlantic Gulf also dropped after opening slightly higher.

CALIFORNIA ALIEN LAW TO BE FURTHER CONSIDERED

WASHINGTON, April 26.—Secretary of State Hughes has assured Baron Shidehara, the Japanese ambassador, that the state department soon will reopen negotiations on the California anti-alien land laws, it was understood here today. Hughes has not yet taken up the California question because of the immediate press of other matters. He also wants to acquaint himself thoroughly with allied phases of the issue before reopening the parleys. Negotiations on this question during the Wilson administration were terminated with an agreement between Roland S. Morris, then American ambassador to Tokio, and Baron Shidehara on a report recommending to their respective governments a plan for settlement of the dispute.

MAKES FINAL MOVE IN HOPE OF PREVENTING INVASION

WASHINGTON, April 26.—Germany's trump card in the desperate reparations game was laid before Secretary of State Hughes today. With the note to the United States forwarding new reparations proposals, Germany hopes at the eleventh hour to stave off military occupation of the rich Ruhr region, which the allies are determined to carry out to enforce their reparations demands. The German note is an answer to Secretary Hughes' recent rejection of Germany's plea that President Harding mediate the reparations question. Hughes in his reply expressed the hope that Germany formulate new proposals which could be taken as a proper basis for further negotiations. Dispatches from Berlin stating that Germany has agreed in the new proposals to negotiations on the basis of a sum approaching the allied demands of 226,000,000,000 gold marks have led to the belief that the United States may approve the new German program. Hughes, after studying the German communication, will start immediate exchanges with France, Great Britain and Italy, probably through their ambassadors here, to learn whether the proposals are acceptable. He will appoint an American representative to take part in the allied supreme council to be held in London this week, should the German proposals seem to have a chance of acceptance.

CREDIT BUREAU OF LOCAL BUSINESS MEN PLANNED

GLENDALE MERCHANTS WILL FORM ORGANIZATION AT LUNCHEON THURSDAY

Organization of a local Retail Merchants' Credit association will take place at a luncheon to be held at the White Inn Thursday noon by the special credit committee of the Chamber of Commerce of which C. E. Neale is chairman, J. A. Newton, C. E. McPeek, Archie Parker, H. M. Butts, William Moore and W. R. Vanderwood, other members of the committee, will attend and bring two other business men with them.

The plans ready for submission to the merchants includes the formation of the association, the hiring of a secretary to make investigations and conduct the central bureau which will have desk space in the Chamber of Commerce headquarters although it will be an entirely separate institution.

By having the credit bureau in the Chamber of Commerce, heavy overhead expenses will be saved the merchants who are all members of the Chamber.

Idea Comes from Luncheon

The entire idea is the result of officials of the Los Angeles Retail Credit Men's association speaking at a Chamber of Commerce forum luncheon here less than a month ago at which time they pointed out the advantages of a similar institution.

It is expected by this means to build up a firm credit trade among local merchants as well as minimize losses on present accounts because of the information to be gained from other associations where customers have received credit before.

As a speaker stated at the forum luncheon "it is a boon for the man whose credit is good while it weeds out the crooks who go from place to place 'stinging' the merchants."

WOMEN AND JURY SERVICE

English women, given the ballot, seem to be learning masculine ways fast, for our English cousins are said to be already dodging jury service! They do not want to serve, and they make more excuses—perhaps better ones, too—than masculinity offers when a summons to become a veniremman arrives.

Thus far American womankind seems not to have developed the dislike of the male sex for this obligation of citizenship. There have been women on juries, as well as all-women juries, and in every instance the work of the feminine members has been highly esteemed by magistrates in a position to observe the operations of the plan.

It is to be hoped that no change will occur in this condition. In no other phase of citizenship duties can womanhood show such thorough devotion to the cause of social betterment as in fidelity to the call to aid, in intelligent jury service, the machinery of the law. Men have proved recreant in this field. Let the newer citizens show themselves better citizens.

The Greek silver talent was worth about $1000.

EVANGELIST ASSERTS FULL REPENTANCE IS NECESSARY

REV. JOHN BROWN, IN SUNDAY NIGHT SERMON, TELLS OF TESTS OF LOYALTY

(Continued from Page One)

times to be complimented, but what we need is the truth. John the Baptist preached repentance and spared not the king on his throne. He delivered the message but lost his head. Christ fearlessly proclaimed repentance to the Scribes and Pharisees and church dignataries and was crucified on the cross. The apostles went boldly forth, boldly declaring the necessity of repentance and eleven of twelve laid down their lives as martyrs for the cause. No doubt but as John the Baptist lay in the prison house well-meaning friends came and said: 'We admire your courage John the Baptist, and what you told the king was the truth, but couldn't you have told it in a milder way? Used a little diplomacy and saved yourself all this trouble that you have gotten into. It is not too late now for you to modify and qualify and smooth it over a little.' But John replies: 'What I said was the truth; I cannot modify; I cannot retract.' And so John lost his head. He would rather lose his head than his crown. Repent ye, the Kingdom of Heaven is at hand.

"We have two schools of religious thought today covering the second coming of Christ, known as pre-millenialists and post-millenialists. The former believe that Christ's second coming precedes the millenium. The latter that it follows the millenium. Both are sincere and earnest in their belief, and either view demands that we be actively at work to prepare men and women for His coming. As long as only half of the world knows of His first coming let's waste no time disputing as to the time of His second coming, and so with a number of other non-essential doctrines.

Judged By Their Loyalty

"The acid test which I apply to all men and women of whatever school is this: The Diety of Christ and his atoning blood; I judge all men by their loyalty to Christ. There is grave danger that we will be so loyal to some pet doctrine that we become disloyal to Christ. Christ said when his disciples wanted to forbit one casting out devils because he followeth not with us: 'Forbid him not, for he that is not against us is for us.' This is a crisis in the history of the world and church, and every follower of Christ should unite on the common ground of loyalty to Him. It is my sincere conviction that Christ wants to come into Glendale in the greatest way known. Shall we invite him? Prepare the way for His blessed coming. How? By making His paths straight. He will come through our hearts, through the home, through the church. The church is not perfect. But it is God's agency for the salvation of the world. It calls for our assistance. We either help or hinder . Straighten our lives and He can use it. Continue our crooked paths and He can't. The tongue must be kept clean. The scandal-monger and the filthy story teller are two of the most dangerous characters in any town. I would rather a man reeking with leprosy should come into my home than to have my children associate with those of an unclean tongue.

"Hatred in the heart for a fellow man makes crooked paths. You must forgive them that trespass against you. To pray the Lord's prayer with hatred in your heart against anyone is to put you into hell. Oh, the church quarrels! Nine hundred and ninety-nine church quarrels could be settled if we had the spirit of Christ. It is the only manly course to pursue. To forgive even though you may not be at fault. Love is life. Hatred is death. Everlasting death. If all these hatreds could be removed out of the hearts of the Glendale people I would have to do no more preaching. The floodgates of Heaven would open and the revival cover another cause of crooked paths. It is money—money in your pockets, in investments, in the bank that does not belong to you. If you have any of this dirty money it will have to go back where it belongs or it will bar you from the Heavenly gate.

Lowering Standards

"We need old-fashioned restitution. It may make of you a poor man, but it will pay. I haven't much but what I have is honest dollars. I have a clean conscience and can look every man in the face. We need a revival of upright, outright, downright honesty. Pleasure-seeking is another cause of crooked paths. We have let down the bars. We have lowered the standards and we must get back if we want the Lord's presence. Let's make our crooked paths straight. It is hard work sometimes to make an honest confession, but it's manly.

"Ask God for forgiveness and your fellowmen. A confession to your family that you have not been living right may be the only means of saving your children. We cannot bring others to Christ if we are not right ourselves. Bring forth fruits meet for repentance and we can shake Glendale."

A consecration service followed in the inquiry room.

GREAT TABERNACLE WILL BE FEATURE ON BOULEVARD

SUM OF $180,000 WILL BE SPENT ON STRUCTURE ON ROAD FROM GLENDALE

Add to the attractiveness of the Glendale boulevard drive from Los Angeles the Echo Park Revival tabernacle opposite Echo park, which Evangelist Aimee Semple McPherson has let the contract to the Winter Construction company for $180,000.

The plans are being prepared by Architect William H. Wheeler of San Diego and on the main floor of the great auditorium 2500 people will be afforded seats. In the balcony 1500 are to be accommodated.

The building will be of brick on concrete foundations and its walls will rise forty-nine feet high with a plastered exterior and dome roof.

It will be one of the largest edifices of its kind in the city and call the attention of many visitors to the road to Glendale.

Boulevard's Attractions

Already Glendale boulevard has many attractions, including Echo lake and park, the Edendale film studios and Silver lake as well as the eucalyptus groves and hill scenery.

In fact, there is no ride into Los Angeles which offers a more diversified array of California scenery than that which leads through the Hollywood foothills to Glendale.

Coal Shortage Next Winter Now Predicted

WASHINGTON, April 26.—Remedies for the nation's transportation ills, regarded here as the chief cause for the industrial and agricultural slump, are nearer than has been generally supposed, it was learned today.

President Harding knows of some of these proposed steps and has had a hand in framing them, but he has not felt able to announce them as yet. This explains in part why the president, while believing the railroad and economic situation is the most serious confronting his administration, has not put forward any plan for its solution.

Harding has been told that unless something is done about the railroads there will be another coal shortage next winter, the agricultural slump will grow no better, all industries will be hampered and some industries may be killed due to the size and inequities of the present freight rates. One member of the cabinet has told the president that unless something is done "the whole geography of the country will be changed."

Meanwhile the situation is in the hands of the interstate commerce commission and the railroad labor board. Both are judicial bodies and not even the president can forecast judicial decision even though he might have some intimation of them.

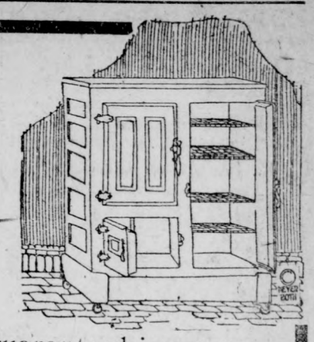

A conference of labor, capital and the farmers to consider the railroad and industrial situation has been proposed to Harding.

The proposed senate railroad investigation may illustrate the necessity for changes in the present transportation act.

If all other means fail the government still has power to declare that an emergency exists and take over the roads, something Harding and his advisers are loath to do.

The American Legion is considering a protest to the French authorities against the misuse of American uniforms which were sold to the French government. These uniforms have been issued to street sweepers and garbage haulers and hundreds of men wearing the olive drab of the doughboy are cleaning the refuse from the boulevards.

Glendale High And S. Pasadena In Clash

The Glendale high school's baseball team will oppose the squad representing South Pasadena's institution of higher learning this afternoon on the local grounds. Although Glendale has lost a majority of its games to date the players have shown streaks of real life in their last few appearances, and a real fight is promised for today's game.

The two teams have already met once this year, South Pasadena having nosed Glendale out, 1 to 0, in a close game several weeks ago on their home grounds. But with the rival clubs playing on Glendale's native pasture the Black-and-Red athletes are set on sending their opponents home with a short score and a bunch of long faces.

Dale Wood, the heady little right-handed pitching ace, will be on the mound for the locals. The game will be called at 3:30, sharp.

Cornerstone Laying Is Shown, Glendale Screen

Exclusive presentation in motion pictures of the cornerstone laying ceremonies at the Church of The Holy Family here last week brought rounds of applause at the Glendale Theatre yesterday. The same film will be shown all week as an added attraction and tonight it is expected that Father James S. O'Neill will be present in person.

The picture, which was made by Harry Cooper, cameraman for the Mermaid comedies at Louis J. Gasnier's Astra studios here, first shows the blessing of the cornerstone by the Rt. Rev. Patrick Harnett, V. C., and assisting priests; then the various speakers of the occasion, including the Rev. Father O'Neill, Monsignor Harnett, John Steven McGroarty and Dwight W. Stephenson. In the pictures of the attending crowd many familiar faces are seen. In closing Edwin Albright is seen leading the ensemble in "The Star Spangled Banner."

"The Good-Bad Wife," adapted from "The Wild Fawn," by Mary Imlay Taylor, which has been advertised as "a photoplay that will interest every man who listens to a woman, which is every man," will begin a two-day engagement at the Glendale Theatre today. Telling the story of a naughty little wife who shocks not only her husband's respectable family, but even her husband himself, it features Dorothy Green and Sidney Mason.

A Pathe Review, Scenic Special and Rolin comedy complete the big bill while Madame Clement plays "Make Believe" (new) as the special organ number.

Big Town Out For Home Run High Mark

NEW YORK, April 26.—New York looks to be out to corner the home run market of the major leagues.

With Babe Ruth, Bob Meusel, Frank Baker and George Kelly in Manhattan clothing, the big town has the heaviest artillery of the big show.

Elmer Smith of the champion Indians, Walker of the Athletics and the great Sisler are the only ones who seem to have a chance to get the spotlight off Gotham's prides.

Babe Ruth, of course, is the game's "greatest of all times." He has three already to his credit and is running several weeks ahead of his 1920 record. He may pass the high mark of 54.

In Bobby Meusel, long California boy, the Yankees have the next "Babe Ruth," Manager Huggins believes.

Meusel hits harder and drives farther than Ruth. His two homers this season have been terrific clouts over the fence. Last season he made eleven four base clouts and he played irregularly. Eleven isn't an impressive number up against 54, but in any day other than Ruth's it would have made him famous.

It would be interesting to see Meusel and Ruth fight it out for a record.

Frank Baker used to be the home run king of the majors. He's back in the game now, but it is doubtful if he will be able to keep up his old clip as a pinch hitter since he laid off a season.

George Kelly, the skyscraper first baseman of the Giants, is another established clouter. He has a terrific drive, meets the ball square and is about the most dangerous batter in the National league. He stands very awkwardly at the plate, but he gets everything into his swing.

Wally Pipp, first baseman of the Yanks, is also a home runner of ability. He got eleven last year and looks to be in for a much better season this year.

Players And Gamblers Are Now Facing Arrest

CHICAGO, April 26.—Arrest of all baseball players and gamblers indicted here in connection with the 1919 world series scandal, was expected today by State's Attorney Robert E. Crowe.

Crowe sent requests to the police in various cities where the "black sox" and gamblers live asking that they be arrested.

Hal Chase, former major leaguer, was arrested at San Jose yesterday. Information said Chase had been released on bond and was seeking a habeas corpus writ on the contention that the indictment against him was faulty.

Word from Texas said that Chick Gandil, former major league infielder, had agreed to come to Chicago voluntarily.

Watching Scoreboard

Yesterday's hero—Wee Bernie Nies. The dimunitive Brooklyn gardener hit a home run in the sixth inning that knocked the Giants into third place and gave the Robins a 4 to 1 victory.

"Irish" Meusel knocked his fourth homer of the year and the Phillies beat the Braves, 7 to 6.

Tierney, Pittsburgh's sensational recruit, tied the score with a single in the ninth and won it with a single in the tenth. The Cards were on the low end of 6 to 5.

Carl Mays held Washington hitless for seven innings, but they got to him in the eighth and ninth and beat the Yanks 5 to 3. The bambino got his fifth homer.

Four runs in the second inning gave Cleveland a 5 to 3 victory over Detroit.

Five hits bunched in the sixth inning gave the Cubs three runs—enough to beat the Reds 3 to 2.

Singles by McInnis and Menosky after Harris had passed two in the seventh inning, gave the Red Sox a 3 to 2 win over the Mackmen.

Charles Paddock To Give Up Racing Soon

LOS ANGELES, April 26.—Charles Paddock, perhaps the fleetest man of all time, is ready to quit racing.

"My last race will be in the national A. A. U. championships soon to be held in Pasadena," he announced today. "After that I shall hang up my spikes and turn to literature. I have been running eight years. That's long enough."

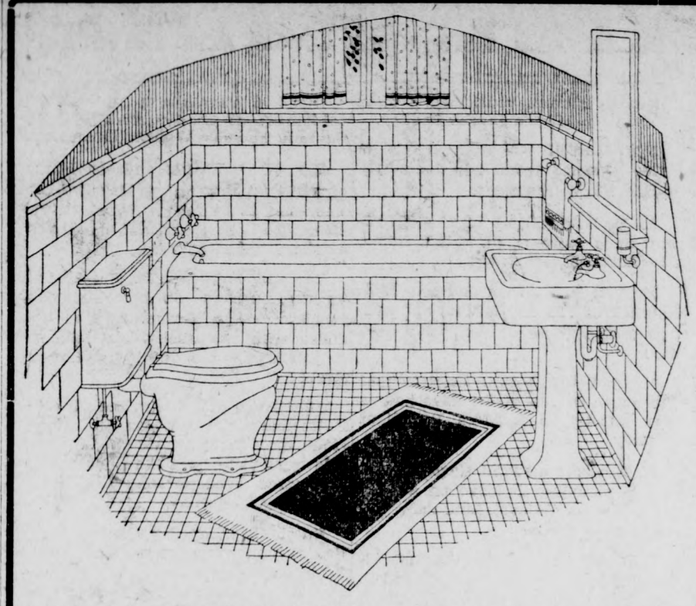

The University of southern California sprinter, who on Saturday broke four world's records, was asked how he keeps in trim and how he is able to run faster than any other man.

"My chief exercise is trying to get to school on time," he said.

"What do I eat? What don't I eat? Meat, vegetables, ice-cream, cereals and candy. I do not eat pastry, nor drink coffee and I don't smoke.

"Of course, I dance. That's good exercise. I attribute my success to a natural ability to run, keen competition, proper training and good condition. I never get winded but my legs often tire.

"I am not superstitious, you know, but I never run a race without first knocking wood. It makes me feel better. I wouldn't wear number 13 in a race. Any man who does is crazy.

Ball Clubs Live Up To Pre-Season Plans

NEW YORK, April 26.—St. Louis ball clubs are the only ones not living up to the expectations of the pre-season blue prints. Even so early in the race the Browns have no business in seventh place and the Cardinals are total strangers in the last hole. Otherwise the pennant building in both leagues is going according to the plans.

The Indians and the Giants, the favorites, are leading the races without showing symptoms of the pace being too warm. Both have been hampered by mediocre pitching and both have a corps of hurlers on the way up to form.

Pittsburg is going along strong in second place with a fast, running attack and good pitching. The Cubs are pounding the ball hard enough to be second in team batting. After a miserable start Brooklyn is getting back into shape.

The batting of the Cardinals is off 1920 form and the run-making department has been almost shut down. Pitching is bad. Combined, the defects make Rickey's men rate the cellar. The Cards ought to improve.

With no pitching to speak of, very little batting and a weak defense, Pat Moran's Reds are in a sorry plight.

Even with a crippled team and a pitching staff off form, the Cleveland Indians are showing their form in the American league.

Washington has a sweet looking ball club that looks like it is going some place. Just ordinary spunk and fight is keeping the White Sox in the first division.

George Kelly Scores After Severe Trials

NEW YORK, April 26.—Gameness and that thing known as "heart" are most generally associated with the ring. But they have just as much importance in the constitution of a ball player as a boxer.

The case of George Kelly, present hero de luxe of the New York Giants, is a good illustration.

Minus superlative qualities of courage, Kelly probably would be back in the International league whence he came for a crack at the big time.

Had Kelly lacked gameness he might have been razzed clear out of baseball by the fans who "couldn't see" him last year—the same fans that give him the ovation of a Ruth this year when he steps to the plate.

Kelly delivered, but he came through only after one of the most severe trials that any major league ball player ever underwent.

Larry Doyle did the same thing with the same club.

Kelly was called everything last year that a ball player doesn't like to hear from the stands. When he came to the plate with two down the stands would roar "three out!"

With four home runs to his credit, Kelly is being accepted and acclaimed as another home run king by the New York fans. They rank him close to their idol, Babe Ruth, and they are letting him know it.

No one predicts that he will out-Ruth the babe this year, but anyone with the heart of Kelly should be able to do anything in fair weather when he fought the storm so long.

Lefty Herman Making Good In Canada Club

Reports from Crockett, California, state that Floyd "Lefty" Herman, Glendale high school athlete, is making good as an outfielder for the Edmonton, Canada, club at their training grounds in the northern California town. Herman left Los Angeles several weeks ago with several other southern California recruits, and as this is his first tryout in professional baseball his many local friends are following his performances eagerly to see whether or not he will "make the grade."

Risque Apparel Ban For Girls Effective

FRESNO, April 26.—The drastic ban on risque apparel for girls of the high school went into effect today. It is believed there will be few attempts to violate the new rule. By order of the house of representatives—the governing body of the high school—the wearing or use of the following is prohibited:

1—Half hose.
2—Silk or diaphanous waists.
3.—Conspicuous garters.
4—Elaborate coiffures.
5—Cosmetics (excepting powder).

"Any girl found guilty by the students' court of violation of any part or portion of this law shall be punished by the levying of five hours' detention for the first offense, ten hours for the second, and by suspension for the third offense," says the order.

Blanket-like strips of asphalt of of 25 to 50 feet in length and varying in thickness up to several feet have been cast up along several miles of the Quintana beach in Texas. The beach for a long distance has taken on the characteristics of a motor speedway.

R. S. PERSON WRITES ABOUT PROPOSED ZONING LAW

REFERS TO STATEMENT MADE ON NEW YORK ORDINANCE; ASKS SOME QUESTIONS

Editor The Evening News—What has become of the much bruited zoning report and draft of ordinance submittted to the city board of trustees some months ago? At the time the report was submitted there was a brief oral exposition of the plan by members of the committee and defense of it by certain public officials which excited some protest on the part of other citizens, the immediate result of which was recognition on the part of its proponents of the necessity of a "camjaign of education" on the subject and a promise to give the report and draft early publication in order that there might be intelligent consideration and public discussion of it. Not only has there been no publication of the report or draft of the proposed ordinance, but inquiry at the city hall to inspect them has been futile for the reason that neither is accessible to the general public through the customary channels.

In view of the fact that the new city charter contains an iron-clad and complicated zoning provision it is important to know what disposition is proposed to be made of the pending scheme before the elections under the new charter are held. The best interests of the city demand that the "campaign of education" promised by the proponents of the scheme be opened at once in order that it may be subjected to the "pitiless publicity" which is awaiting it. And while waiting for the affirmative to open the promised "campaign," I take advantage of the interval to quote from an authority cited by a member of the committee in support of the report at the time it was submitted.

Statement From Official

I do not consider New York a model for Glendale in the matter of a zoning plan, but inasmuch as that city has been so cited it may be of public interest to know what Herbert S. Swan, secretary of the zoning committee of New York, has to say on the subject. A statement from him appears over his own signature in the financial section of the New York Tribune of April 17, at page 14. His article is too long to quote here at length, but I shall file the paper in the public library where any one who so desires may read it. There are two or three points, however, to which I desire to invite attention.

First—Mr. Swan begins his article with the following statement:

"We are all resigned to have Manhattan built up solidly with tenements—that is something we regretfully accepted as inevitable years ago. And no doubt he would everywhere be regarded as a hopelessly hopeful individual who for a moment thought that the greater part of the Bronx, two-thirds of Brooklyn and large tracts in Queens could be reserved for anything else but tenements in any zoning scheme adopted by the city."

Second—The "zoning" ordinance of New York appears to be essentially a "building" ordinance limiting the height of buildings, restricting their bulk and regulating the size of courts and yards, "but," says Mr. Swan, "if a building conforms to these provisions it may house as many families as the builder can crowd within its four walls."

Third—Mr. Swan closes his article with a plea to limit "the number of families that may be housed on a given unit of land"—for what purpose? To save owners of outlying vacant lots from bankruptcy! A real estate proposition!

I repeat, I do not admit there are any parallel reasons applicable to zoning schemes in New York and Glendale (unless it be some real estate features) and I invite attention to Mr. Swan's article solely because the New oYrk zoning plan has been cited by a zealous advocate of zoning in Glendale—and the plan submitted for local application would bar extension of the business district north from Wilson (or is it California?) on Brand, restrict Brand north from Wilson (or California) to one-family residences and similarly circumscribe other main arteries and close-in districts. It also would restrict the greater part of the area within the city limits to one-family residences. In short, it is conceived on the principle that pretty much everything except the one-family residence is a nuisance of some degree, greater or less.

In conclusion may I inquire if the zoning scheme presented long ago, has been purposely pigeonholed until after the approaching city election, with the intention of springing it upon the public under the iron-clad provision of the new charter? It is a matter of consequence to many owners of realty in Glendale to have brought into the light for public consideration and discussion NOW. The remedy of recall or referendum recently suggested as a corrective is too expensive and cumbersome—as well as obnoxious and disrupting to the community—to apply except in cases where all other remedies fail.

Mrs. Stokes Confesses To Ouija Board's Lure

NEW YORK, April 26.—Mrs. Helen Elwood Stokes denied on the witness stand that she ever smoked a cigarette or took a drink of intoxicating liquor. Mrs. Stokes, testifying in the Stokes divorce suit, admitted playing with an ouija board in her apartment at the Hotel Ansonia. Under direct examination by her attorney, Arthur W. Littleton, she denied she had ever been driven to the studio of Samuel Montgomery Roosevelt by Roosevelt's chauffeur, Valentine Kubick, as testified by Kubick.

Refuting testimony of the maid, Juliette Gassner, who testified that while Mrs. Stokes was living at the Ansonia she would go out as Mr. Stokes left and stay away until midnight was a Mrs. Kearney and then return and smoke cigarettes and play with the ouija board, Mrs. Stokes said:

"It is true that I played with the ouija board. We went only to the early movie and were never out as late at 12 o'clock. I never smoked a cigarette or drank in my life."

Mrs. Stokes again denied ever having been in the apartment of Edgar T. Wallace, wealthy San Francisco oil man, as testified to by Stokes' witnesses. She produced a diary which she said she had kept since she was a young girl.

Warren G. Harding is the twenty-ninth president of the United States.

House Being Moved To Make Way For Station

Preliminary to the widening of Los Feliz road east of San Fernando road the house just south of the service station is being moved to a lot on Los Feliz to make way for the service station which will be moved to the site now occupied by the house.

The widening of Los Feliz at this point will be a decided improvement, and is but another evidence of the development of this district.

Reed Furniture Store Opens In S. Glendale

Another industry in South Glendale is a workshop for the manufacture of reed furniture, which will be conducted by Hans C. Hutteball & Sons, at 1508 San Fernando road.

In addition to the manufacture and repairing of reed furniture, they will have a department devoted to the sale and repairing of bicycles and go-carts.

Mr. Hutteball located on San Fernando road as he believes in a bright future for this business district.

S. P. Business Grows 100 Per Cent In Year

A 100 per cent increase in Southern Pacific freight business in Glendale in one year's time.

That is the startling report made today by C. L. Thedaker, agent for that railroad at its station in South Glendale.

When he said that business was good, there was no question but what he meant it and when he was asked how good then came the reply:

One hundred per cent better than a year ago.

Seven carloads of lumber were received during the last 24 hours for the Bentley-Schoeneman Lumber company, also a car of cement. The Tropico Potteries received two carloads of material last night.

The average now is five carloads of freight daily, according to Mr. Thedaker who with an assistant is kept busy handling Southern Pacific business here. He predicts a great industrial future for Glendale and vicinity.

Lumber Company Busy With New Residences

At the Bentley-Schoeneman Lumber company, 460 West Los Feliz Road, South Glendale, one finds a beehive of industry. Not alone in filling orders for the lumber needs of its patrons but in the architectural plans department in a separate building at the entrance of the yards.

H. D. Charlton, who has charge of the designing, reports that he is finishing plans for a modern seven-room ranch home for property owned by Ezra F. Parker in the San Fernando valley. It will include a solar heater and other special features.

Plans are under way for a five-room, modern home for Mrs. Mary Griggs at 430 Pioneer Drive; a residence for Henry Parker of 513 West Milford who will build on Isabel street north of Doran; a residence for the parents of Mrs. A. W. Tower who are coming from the east; and a four-room house for Walter Trautwein in Piedmont Park which will be constructed by the Rommel Construction company.

Paint Store Giving South Glendale Service

T. B. Reavis, who has been in the contracting business, has established a store at the Triangle corner, at the intersection of San Fernando road and Central avenue, and will deal exclusively in painters' and builders' supplies.

A paint store at this location, Mr. Reavis believes will be a decided convenience to the builders and contractors doing work in this section, as well as to the owner who desires to paint or brighten up a bit.

Mr. Reavis is an old resident of California, and lived in Glendale seventeen years ago for a period of two years, and again eight years ago for a period of one year, and is consequently well acquainted with local conditions. He has absolute faith in the future growth and prosperity of the South Glendale district, and as evidence of this has leased his storeroom for five years. He also believes that building lots in this locality will soon sell at a premium.

South Glendale Now Enters On New Era

It is the firm conviction of residents and business men of the South Glendale or Tropico district that their section is entering upon a new era of development and prosperity. Within the past week three new business houses have been established—one store dealing exclusively in painters' and builders' supplies, one manufacturing reed furniture, one refreshment booth. With the new residences being built in South Glendale and the two adjoining subdivisions located across the Southern Pacific tracks in Los Angeles, it is believed that real estate values will register a rapid upward movement.

The Glendale Evening News proposes to print this page devoted to the activities and happenings of South Glendale on Tuesday of each week. Items of interest, such as marriages, births, deaths, parties, family gatherings, visitors being entertained or visits made, are all desirable. These happenings may be written up and left at Heald's jewelry store, 1401 San Fernando Road, or at Laura's Cafe, 1519 San Fernando Road, on Monday forenoon, or they may be mailed or telephoned direct to The Evenings News office, Glendale 132.

SEWING BEE BEHALF OF RED CROSS TO BE CONDUCTED

MRS. H. E. BARTLETT RECEIVES WORD TO MOBILIZE AIDS IN GREAT CAMPAIGN

Mrs. H. E. Bartlett, 347 North Brand boulevard, has received word that Red Cross workers in the Pacific division, California, Arizona, Nevada and Utah, are being called upon by the division management to mobilize for the national sewing bee to furnish garments for the hundreds of thousands of babies and small children in Europe who are clad only in meager rags or newspapers.

Mrs. Bartlett is chairman of the Glendale chapter of the Red Cross and she states that announcements have been sent out to chapters in the division to stimulate the sewing in both adult and junior groups. The school children have been asked to contribute 2000 garments and 300 layettes for a June shipment. No quota has been announced for the chapter workers, but the demand from the whole American Red Cross is a stupendous one calling for a concerted effort of all who want to help in this greatest call the Red Cross has had since war work production ceased.

American Red Cross relief workers, just returned from Europe bring to America tales of acute suffering among these children, who walk barefoot and almost unclad in the bitter winter climate of central Europe, thousands of whom born in wartime have never known a shoe or decent article of clothing.

With materials furnished by the American Red Cross native women in these destitute countries today are at work in an effort to meet the distress among their children, but their effort is in no wise sufficient to meet the problem.

Information collected by the Red Cross in Europe shows that there is instant need of 250,000 layettes and 2,000,000 garments for children up to the age of 14 and that an infinitely larger number of garments can be used before these children would be even decently clothed.

The chief phases of the effort being made today for the salvation of Europe's children are the feeding program of the European Relief Council of which Herbert Hoover is chairman, and the medical welfare service of the American Red Cross.

The plan to provide clothing supplements these activities and is held absolutely essential if the full benefits of these two operations are to be fully realized.

Those desiring to aid are urged to communicate with Mrs. Bartlett, 347 North Brand, telephone 607-W.

Doug Fairbanks Film Filled With Surprises

It appears that Douglas Fairbanks' success has been due in a great measure to his deviation from the conventional and traditional in motion pictures. This is especially true of his most recent production, "The Nut," distributed by the United Artists corporation, and showing at the Palace Grand Theater for the last times today.

In this story Fairbanks takes the part of an eccentric young fellow whose hobby is invention. He is deeply in love with a girl who lives on the floor above him in a Greenwich Village apartment house. Having laid siege to this lady's heart, he invents ways of pleasing her and he also invents ways of getting out of the trouble caused by his inventions.

Although one laughs uproariously at "The Nut's" misfortunes, he has the trick of holding your sympathy; you feel sorry for the predicaments he gets into because of his earnestness as a suitor. Not only does he get out of his troubles because of his agility, but also because of his quick wit and inventive genius. A few of his tribulations involve being suspected of murder, starting a fire, getting caught in the street in B. V. D.'s, robbing a wax figure museum and making a singlehanded raid on a gambling house.

"My Goodness," a late Mack Sennett comedy and "A Voice in the Dark," Frank Lloyd's tremendous drama of the underworld are tomorrow's features.

Visit Hospitals Here To Get Suggestions

The fact that Glendale leads other cities of similar size in its many and various lines of endeavor was clearly proven last week when several of the executives of the College of Osteopathic Physicians and Surgeons visited two of the city's hospitals in order to get ideas for a similar institution for their organization in Los Angeles. This speaks quite highly for Glendale's homes for the sick, as they are classed among the best equipped, sanitary and most ideally located hospitals in southern California.

Those who comprised the delegation were Dr. Louis C. Chandler, president of the college, Dr. Floyd L. Hanes, registrar, and Dr. Edward A. Abbott, superintendent of the college clinic.

Wife Is Spanked; Gets Divorce

"He spanked me so hard that for a long time I couldn't sit down," testified Mrs. Irene Gerstad, known on the screen as Irene DeVess.

She was granted a divorce today in Los Angeles from Harry W. Gerstad, wielder of the hefty palm. In addition, Gerstad, a motion picture cameraman, was ordered to pay her $30 a week.

Fail to Solve Double Death Mystery

Solution of mystery enshrouding the slaying of Dr. Joseph F. Durand and Myron G. McCauley, lifelong friends who were shot to death yesterday in Los Angeles underneath a wrecked automobile, seemed no closer today although detectives had found and interrogated a young woman who had ridden with the men a few hours before the bodies of the latter were discovered.

Miss Lydia Perske, a stenographer, was the companion of the men. They drove her to her home at midnight, she said.

"We had discussed commonplace things and at no time was there a suggestion of harsh words or trouble," she explained.

"I haven't the slightest idea where the doctor and McCauley went after they left me at the house. I thought they were going home. They were not drinking. If there was a girl at the bottom of it all, that girl wasn't me."

An autopsy today is expected to determine whether the men were shot by each other or by outsiders. Careful checking disclosed two bullet wounds in each body. If the caliber of these bullets is found to be different from those discharged from two automatic pistols found near the bodies, it will prove, police assert, that the men were murdered.

To Build U. S. Planes in L. A.

Planes for the navy department will be developed in Los Angeles, according to announcements current today. The Davis-Douglass Aircraft company has received the order which amounts to approximately $150,000. Ten months will be required in filling the entire contract which indicates that quite a number of planes are to be built.

Clara Hamon to Film Life Story

Clara Smith Hamon is in Los Angeles today preparing to film the story of her life.

"The picture will be produced in spite of all the powerful influences brought to bear by political friends of Jake Hamon, who do not want the real story to get before the public," she declared.

Details of the production company have been completed, Miss Hamon said, and work on the photoplay will begin as soon as a suitable studio can be leased, either in Los Angeles or San Diego.

War Disease at County Hospital

A case of anthrax, the disease said to have been spread by the Germans among the Allied soldiers during the war, has appeared at the county hospital in Ralph Douglas, a returned soldier. It is the second case in the history of this hospital. Douglas was removed from the Golden State hospital in Los Angeles suffering terribly from swollen jaws, which is one of the symptoms of this disease.

Hydrophobia Epidemic Reported

Eight cases of hydrophobia in dogs have been acted upon within the last three weeks by Dr. J. P. Bushong, city veterinarian of Los Angeles. Five of these cases were in the district between Dayton avenue and Glendale and three in Pico Heights. "No one has been bitten, but it is deemed advisable to sound a warning regarding the prevalency of hydrophia," said Dr. Bushong yesterday. "If your dog has difficulty in drinking water do not hang to the old mistaken theory that the dog is afraid of water when threatened with hydrophobia, for as a matter of fact the dog is crazy to get it but cannot swallow because of irritated glands in the throat."

Jewels Mysteriously Returned

Returned as mysteriously as they were taken, jewels of Mrs. Elizabeth Barnum, Riverside society woman, have been restored to her.

After having been missing for four weeks, the collection of gems, valued at more than $1000, came back in this morning's mail. The postman left a plain paper parcel, bearing a San Bernardino postmark.

James Ricks Is Held On Statutory Charge

James Ricks, aged 26, employed in a local restaurant until recently, is held in the county jail on a statutory charge and Irene Railsback, 14, of 461 West Windsor Road, has been returned to her home after an elopement which ended abruptly with the arrest of Ricks by Deputy Sheriffs Couts and Bell.

A thorough investigation of Ricks' past is being made by the county authorities, it is said, as similar affairs in the north have been reported.

Here's Chance To See Favorite 'Phone Girl

Who is your favorite telephone operator?

You have one, of course, and you easily recognize her voice over the wire. But have you ever seen her? Probably not. Therefore, the Pacific Telephone & Telegraph company is going to give you the opportunity, for it announces that on Thursday, April 28, its patrons—and the public generally—are invited to visit the Glendale building. Courteous employes will greet the visitors, take them about the big building and explain the workings of the telephone system.

Fred Deal, manager, states that the entire building will be open for inspection next Thursday between 1 and 9 o'clock and he invites the company's patrons—and the general public—to attend. Watching a telephone plant in operation is most fascinating and, besides, what a pleasure it will be to meet your favorite telephone operator face to face! Anyway, visit the plant and find out how you get the wrong number.

Division Of Churches 'Making Angels Weep'

Editor The Evening News—Rev. John Brown in his Sunday plea for "church unity" reminds me of Bishop J. S. Johnson.

Bishop J. S. Johnson, retired Episcopal bishop of West Texas, in a sermon delivered at the Alamo Heights Methodist church Sunday morning, on the subject, "Christian Unity" made a plea for closer co-operation among the churches of the city.

"The division among the churches here is enough to make the angels weep and the devil dance for joy," he asserted.

"Society at present is like bad eggs scrambled," he said in the course of his sermon.
